Letter from the President

Dear FLMS Families,

Please review the Minnesota Department of Health guidelines for keeping your ill children home included in this newsletter. It's important that we all follow these guidelines to prevent illnesses from spreading. Please note the teachers will send your children home that have the outlined symptoms.

October 23rd we'll travel to the Children's Theatre in Minneapolis to see "Bert & Ernie Say Goodnight". Please turn in your permission slip along with the \$15 per ticket fee as soon as possible. We travel to school over the lunch hour, so please pack a lunch for your child that day.

Every family has now received their task assignment. Please review the letter to find your contact person. Please speak with your contact for detailed instructions. If for some reason you can't complete your task, contact me immediately to be reassigned to another task. Thank you to everyone for contributing!

Please mark your calendars and attend our next meeting on Tuesday, October 6th at 6:30pm.

Have a great month!

Sincerely,

Melissa Barrows

Vice President's Report

Hello FLMS Families,

I will be distributing a letter the week of October 5th regarding the participating parent poll. I will also be sending you an email regarding our continuing fundraisers which are the "Target" and "Current Catalog" fundraising. This email will have complete details on how you, your family and friends can participate without any effort from you on collecting money or distributing merchandise to them. The profits are automatically transferred to our school.

I look forward to a great year,

Michelle Duren

The following information is from the Minnesota Department of Health and was distributed to all parents in the 831 School district, you have already received the complete letter, and this is a brief reminder.

Parents please keep your children home if:

1. Fever (100 degrees or greater) before giving fever reducing medicine.
2. Sore throat and cough
3. Runny nose, headache, body ache, vomiting and diarrhea (in addition to the fever and a sore throat and cough).

Students that have these symptoms will be sent home.

Sick children should stay home for at least 24 hours AFTER their fever is gone (without the use of fever reducing medications like Tylenol), this is usually 5 -7 days.
